An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Werner Stermer on August 16, 2004.

The application has been amended as follows:

In claim 11, line 5, delete "tench", and insert --trench--.

The following is an examiner's statement of reasons for allowance:

The prior art does not disclose to forming an auxiliary insulation layer on the conductive material, depositing an epitaxial semiconductor layer on uncovered sidewalls of the upper section of the trench, removing the auxiliary insulation layer, and conformally depositing a nitride, the nitride layer being so thin that it only partially impairs a current flow as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
